Needed: Volunteer with mechanical skills needed to help with repairs on camp tractor and camp riding mower! Grass is growing fast at the camp and we need working machines to cut it! Проект віднови церковного даху і вікна розпочався вчора, 24 липня. Сподіваємо завершення проекту за кілька тижнів. Парафіяни вже подарували майже цілий кошт проекту. Дякуємо за вашу підтримку.

Godfrey Roofing has now started repairing the church roof and windows as per the contract signed with the parish last fall. They started on Friday, July 24 and the job will take several weeks. They will re-caulk and re-seal all the joints in the roof and all the edges where the windows rest in their frames in the wall of the church. This is an effort to plug the leaks that have occurred in the church over the last few years. Fundraising has gone very nicely. About \$35,000 of the cost has been raised. The cost is about \$38, 420, including taxes. We will eventually recover most of the difference in HST rebate claims.
